On Friday night Pres. and Mrs. C. H. Spooner gave a reception to the cadets at Norwich university at their home on Vine street. During the evening Miss Kendall and Fred Johnson played several selections on the piano and Dr. Harry Gokey sang a solo. There were about one hundred townspeople present, and corps of cadets.

Advocates so Aggressive Congress Will Revive Question.

PROCTOR TO DRAW BILL.

He Follows Department Commanders in Favoring Sale of Beer—Lively Discussion on the Subject Promised.

Washington, Oct. 24.—One of the questions congress is likely to have to thresh out is the revival of the army canteen. Whether the canteen should be legalized is as burning an issue with the army and with the active foes of intemperance as it has ever been. The legislation abolishing the canteen, in view of army men, has accentuated the need for such an institution and this winter there will be a most determined effort to get the canteen restored.

Notice has been given that Senator Proctor, chairman of the military affairs committee of the Senate, will introduce a bill to repeal the law of 1901 which prohibited the canteen. Senator Proctor is an advocate of the canteen and believes the army is better off if the sale of beer at the post exchanges is permitted. He has been gathering data from the surgeon general's office recently which shows that alcoholism in the army has increased steadily since the canteen was abolished.

CAL-CURA GUARANTEED.

So positive are we that Cal-cura Solvent, Dr. David Kennedy's latest medicine, will cure the worst case of kidney and bladder troubles that we will return your money if it does not cure.

Cal-cura Solvent's wonderful power to cure diseases of the kidney and bladder is the happy result of the efforts of that skilled physician and surgeon, Dr. David Kennedy, to make a medicine that would dissolve and expel from the system stones, gravel and uric acid. In this way Cal-cura Solvent not only cures the disease but also removes all irritating causes. It is not a patent medicine, but a prescription used by Dr. Kennedy in his large private practice with unfailing success.

It acts upon a newly discovered principle, and cannot fail, so we are able to make a guarantee of this nature. Begin its use to-day and get well.

Over-Burdened Women.

Many a man sees his wife bend and tug as she strains the back and the heart alike, without any idea of the outrage. Children follow in too quick succession to allow the mother time to recuperate. The womanly organs become displaced, there are debilitating, disagreeable drains, with the added pain of inflamed or ulcerated parts. In this condition the woman bravely tries to carry her household load, afraid to take the rest she needs lest a meal will be late. No wonder she is pale, weak, wretched, surly of temper and snappish of tongue. She would be false to nature if she were anything else. No persons need help so much as the class of whom this woman is the type. And for such women no help is so sure, so wonderful, as that given by Dr. Pierce's Favorite Prescription. It restores all the womanly organs to perfect health. It establishes regularity in their functions. It restores the strained and shattered nervous system. It clears up the complexion, rounds out the form and makes life a daily happiness. "Favorite Prescription" contains no alcohol or whiskey. It is the best medicine for women. Nothing can be "just as good" as the best. Tell the dealer so if he offers a substitute.

"I wrote to you in 1902, about my case," writes Mrs. Ella W. Robinson, of Nuttree, Va. "I was then in a bad condition, and your reply was that I probably inherited the trouble from my mother, and you prescribed Dr. Pierce's Favorite Prescription. About the time I had taken one bottle I felt better and was sick for quite a while, so failed to get your 'Prescription.' In December following was married and then my husband bought me two bottles of Dr. Pierce's Favorite Prescription. Before I began to take it I had bearing-down pains at monthly periods, also dizzy spells. After I had taken one bottle I felt better and had no more pains. After taking the second bottle I felt better than ever in my life, and in September gave birth to a twelve-pound baby girl. I am very thankful for your good medicine, and shall tell my friends what it did for me, and shall recommend it to all who are afflicted. We think it the best medicine in the world."

Not only the Original but the best Little Liver Pills, first put up over 40 years ago, by old Dr. R. V. Pierce, have been much imitated but never equaled, as those who are afflicted with constipation, being made up of concentrated and refined medicinal principles, extracted from the roots of American plants. One or two for stomach corrective, three or four for cathartic.

DERBY HAT SAVED HIM.

A Bethel Workman Buried by Caving in of Ditch.

Bethel, Oct. 24.—Merton Preston and Edmund Durrell were digging yesterday in a ditch for the Whitcomb high school sewer, and had reached a depth of ten or twelve feet when the dirt caved in, burying Preston and partly burying Durrell. The latter was able to extricate himself and obtained assistance. In about twenty minutes Preston was dug out. He was covered by about one and one-half feet of dirt and undoubtedly by the derby hat he wore saved his life as the brim held the dirt away from his face, leaving a little breathing space.

Preston was taken to his home and it is thought that he is not seriously injured.

WOMAN HAS HEARING.

Mrs. Cooper Faces Charge of Murdering Young Northy.

Augusta, Me., Oct. 24.—Facing the charge of murder, Mrs. Alice F. Cooper, wife of Edwin J. Cooper of South Windsor, was given a hearing yesterday for the alleged fatal shooting of Charles Northy, Jr., aged 22, at her home on the afternoon of October 10. Judge A. G. Andrews presided, but it was the intention of the state to call but few witnesses, as the question to be decided in the lower court is on probable cause.

WAS FORCED TO STEAL.

Young Zirren Tells His Story in New York Court.

New York, Oct. 24.—Benjamin Zirren, a 9-year-old boy, pickpocket, whose youthful crimes puzzled the Boston police recently when he was arrested in that city, cleared up the mystery yesterday in court here. All the little fellow would say when arraigned in Boston was that he lived in New York. He seemed to be in fear of some one.

The Boston police turned him over to the New York police with information which led to the arrest here of Nicholas Thomas, an Italian of this city, charged with teaching this boy how to pick pockets.

Zirren said that Thomas took him to Boston on Oct. 7, locked him up in a room at 33 Common street for four days and then sent him out to pick pockets. The boy said that he refused to talk when arrested in Boston because Thomas had sent him a note threatening to kill him if he did not keep silent.

Thomas was held in \$1,000 bail for examination.

MUST GO UP FOR TRIAL.

State Senator Green Accused of Plot With Beavers.

Washington, D. C., Oct. 24.—The supreme court of the United States yesterday decided that State Senator George E. Green of New York must come to Washington for trial on the charge of conspiring with George W. Beavers and others to defraud the government in the purchase of supplies for the postoffice department.

The decision of the circuit court for the northern district of New York was confirmed. The proceedings in the case so far have related entirely to the question of extradition and the merits of the case have not been considered except incidentally.
